

Identification Cable Ties

Self-locking Ty-Rap® identification ties are available in both single and multiple configurations. Because the ties serve the dual purpose of tying and identifying, you will achieve extra economies. They can be applied with the standard Ty-Rap® tying tools used for regular ties.

Nylon 6/6 UV weather-resistant version available (add suffix “-x”).

Identification Cable Ties

Snap onto the head of a conventional cable tie to convert it to an identification tie.

- *When snapped onto the tie head, the tag is conveniently held in place until it is permanently fastened*
- *Offers maximized inventory control because the I.D. tag will accommodate different tie lengths and materials*
