LPS[®]

Behind our new company is an almost century-long legacy of game-changing brands including SCRUBS, Spray Nine, Dymon, Atlantic Mills, Sertun, LPS, DYKEM and Accu-Lube and Rustlick.

At ITW Pro Brands, we believe in the power of collaboration and chemistry. You'll see it by how we nurture and continuously improve our brands. You'll see it by how we turn cutting-edge technology into new and innovative products. And you'll see it in our commitment to service and our focus on the needs of you and your customers.

THE POWER OF GREAT BRANDS

What unites the new ITW Pro Brands is our shared commitment to building and nurturing great brands. This commitment is based on our deep understanding of the changing needs of the marketplace and our ability to create products that win by delivering superior performance and innovation. Our combined portfolio now offers a single source for specialty cleaners and disinfectants, degreasers, lubricants, and dry and premoistened wipes. This extensive product portfolio gives you the power of a market leader and the trust that established brands engender. This extensive product portfolio gives you a single point of contact for your most important institutional chemical products.

ATLANTIC MILLS

As a leading developer of disposable wiping products, Atlantic Mills has become the trusted partner in sanitation for food service and other industrial applications. Our conveniently packaged, nonwoven wipers are highly absorbent, reusable and exceptionally durable — making them easy to use and cost-effective for both front and back of house. **Learn more at itwprofessionalbrands.com.**

Introducing a true game-changer in the food service market! Sertun Rechargeable Sanitizer Indicator Towels feature revolutionary Color-Check™ technology that changes the towel color from blue to yellow when there is insufficient sanitizer present. Placing the towel back into the properly mixed sanitizer bucket recharges it to the proper Quat level and turns it blue again. Sertun takes the guesswork out of sanitizing front of house, back of house and everywhere in between. **Learn more at sertuntowels.com.**

As a leader in the MRO industry, LPS provides high-performance maintenance chemicals to industrial, aerospace, military and telecommunications facilities worldwide. Our complete line of products eliminates redundant inventory and minimizes costs while maximizing equipment efficiency and productivity. Our combination of proven performance and extensive end-user support provides unparalleled value to your customers.
