PRODUCT SPECIFICATION SHEET – STYLE # VBC-36

PRODUCT DESCRIPTION

  <p>VBC-36</p>	Part Number:	VBC-36
	Product Name:	Voltgard® Blanket Canister
	Product Category:	Electrical Safety – Storage Products
	Material(s):	High-Density Polyethylene Plastic
	Color(s):	Orange
	Size(s):	Standard, Holds 1-4 Blankets
	Molded-In Handle:	No
	Unit of Measure (UOM):	Each

AVAILABLE STYLES

Item #	Description	Size
VBC-36	Blanket Canister	Holds 1-4 Blankets

PRODUCT CHARACTERISTICS

- Voltgard Blanket Canisters protect blankets from mechanical stress and the elements when not in use and help prolong the life of rubber goods by protecting them from weather extremes, heat and other adverse conditions
- Molded from bright orange high-density polyethylene plastic for high-visibility impact resistance
- Holds up to four blankets
- Ideal for storage on trucks at various job sites in the field and can also be used for carrying many other kinds of tools, hoses and signs (when rolled up properly)

APPLICATIONS

Ideal for use by electrical utility workers, power and communication linemen, electrical contractors, electrical field service technicians, telecommunications companies, cable television operators, auto manufacturing/repair service workers, municipalities, first responders, energized machine operators and industrial plant and facility maintenance technicians or anywhere there is exposure to electrical shock hazards. Please note, blanket canisters are intended for product storage only and provide no electrical safety protection by themselves.

QUALITY CONTROL

Voltgard Blanket Canisters are 100% inspected for visual defects, and statistically-valid random samples of all production are tested for physical performance to ensure compliance with generally-accepted standards for first-quality blanket

canisters as well as the product specifications contained herein. Second-grade, irregular or defective blanket canisters not meeting the agreed quality levels will be destroyed.
