

Clean Getaway™

Hands-Free Door Openers

Minimize the chance of spreading germs
from potentially contaminated door handles.

A Super-Simple Solution to Improve Workplace Hygiene

- Provides a user-friendly means of pulling doors open without having to touch handles or other door surfaces.
- Available in two models—one for foot use at the base of the door and one for forearm use at normal mid-door height.
- Angle designed for safety—effective for pulling, but allows for a quick-slip release to prevent injury.

Engineered for Commercial Use

- Stainless-steel construction for lasting strength and appearance, even in high-traffic applications.
- Versatile – can be placed almost anywhere.
- Easy to install; hardware included.

EQUIPMENT

Suggested Uses

Great for any commercial or industrial workplace environment where personal and facility hygiene are a priority. Install on restroom, breakroom and other commonly used doors to give staff and customers an alternative to using conventional and potentially contact-hazardous door handles.
