RAY 12 mm with sewn termination

The RAY 12 mm static rope with sewn termination is designed for use with an ASAP (international version) or ASAP LOCK mobile fall arrester. The standard diameter ensures a good grip for easier handling. It has low stretch when put under tension, allowing it to meet the requirements of U.S. fall protection standards. The sewn termination with protective sheath helps keep the connector in position and facilitates handling. Rope available in five lengths.

The RAY rope is designed for use with an ASAP (international version) or ASAP LOCK mobile fall arrester.

Short Description Static rope with sewn termination for ASAP international version or ASAP LOCK
